

Exercises

Let's think and answer:

1. What was hidden in the forest?

Ans. A treasure chest was hidden in a cave in the forest.

2. Why did each man try to work alone at first?

Ans. Each man tried to look alone for the treasure first so that he could keep it all to himself.

3. Why did they decide to work together later?

Ans. They all decided to work together later because they realized that on their own they could not find the treasure but only different clues leading to it. Hence wisdom lies in combining each other's strength and working together towards the common goal.

4. What treasure did they find inside the chest?

Ans. They found a note inside the chest. It read as follows -

‘The greatest treasure is friendship. Work together with friends and find happiness.’

Let's talk about these –

1. Three things you can do alone.

Ans. Three things I can do alone are – eat food, read a book, take a bath.

2. Three things you cannot do alone and for which you need the help of others.

Ans. Three things I can do alone and for which I need the help of others are-

For going to market, for crossing the road, for going school

3. Three things that you do together with your classmates.

Ans. Three things I do together with my classmates are -

Doing a class project, playing a team game, studying together in class
