Dear sir,

I am a regular customer of your bank for many years and I am satisfied by the services provided by your bank. But due to an unpleasant situation that I happened to witness has made me to draw your attention towards it and to take positive action .

last week as usual I was in the branch for some transaction, there I saw a person with different ability. He was on wheelchair struggling to cross the front door stairs , the situation could be worse if he had fallen from wheelchair. Thanks to some people who helped the person on time. it is therefore my humble request to take proper measures to construct ramp for such people. as it is also mandatory by the government.

I am hopeful for positive measures on your part .

Thanking you sir ,

yours sincerely
